Delight made in Austria

## Because it's a concern for us...

**Delight made in Austria** is more than just a buzzword for us. For over 50 years, we have seen this as a promise of performance in terms of the quality of our products and as a clear commitment to the Austrian production site in Salzburg.

Our goal is to offer the hotel and catering industry professional and contemporary solutions for their daily requirements. In doing so, the quality and sustainability of our products are just as much the focus of our actions as their simple and clean handling.

In this catalog we show you our »fruity« side. Choose from different varieties and flavors and get to know the functionality of our different dispenser systems.

We will be happy to advise you on this.

No matter what you choose, you and your customers will receive the best quality:

**The perfect drink delight made in Austria!**

Markus Pfarrhofer
